The GARDENER Holiday 2011

Bayport Flower Houses - A Family Tradition Since 1932!

"The fact that I can plant a seed and it becomes a flower, share a bit of knowledge and it becomes another's, smile at someone and receive a smile in return, are to me continual spiritual exercises."

~Leo F. Buscaglia

I like the shortened days... I know I've said that here before but after this past gardening season I need a break from the daylight hours. From flooding to earthquakes and snow to heat waves it has been interesting. We now enter the time where we can settle down a little, afford ourselves a chance to relax a little and enjoy our limited options for activity.

This season is also a time to connect with those around us and show them how important they are in our life story. We often do this by giving. We give gifts, not merely for the benefits of the gift to the friend but rather to open up the pathway to true connection. Done right gifts express our understanding of the individual we seek to appreciate. We know their taste and use this to send a message of caring.

At Bayport Flower Houses we get this... we love to help you find that perfect expression, whether it be a beautiful homegrown Poinsettia, cheerful birthday arrangement or timeless ornament, we have a unique gift for everyone. Don't miss our Holiday Open House on Saturday and Sunday, November 19th and 20th, we'll have great offers and activities to get you in the season, Join us, we'd love to connect...

Have a Happy and Healthy Holiday Season,

All my best, Karl

WHAT'S NEW FOR 2011

Baggallini Bags

Baggallini Inc. was founded in 1995 by Dixie Powers and Ann Simmons when the two veteran flight attendants recognized a need for more fashionable and functional tote bags, handbags and travel accessories. Since their modest start, baggallini has grown to be recognized as a worldwide leader in creating

products that are incredibly organized and look as good as they perform. We are well known for our distinctive color pallets, fun fabrics and lightweight durability. Especially popular are our everyday use totes bags, wallet bags, messenger bags and cosmetic/jewelry organizer bags. baggallini was founded on the belief that bags can be functional and fun to carry, and to this day we continue to build bags that deliver on this promise.

There's nothing like a home-grown Poinsettia!

At Bayport Flower Houses we have been growing poinsettias for over half a century. Our Poinsettias can not be compared to the weak, mistreated poinsettias you'll find at mass market retailers or supermarkets. We take great pride in preparing your poinsettia for life in the home...so there is little shock and the Poinsettia thrives in your home. We can grow our Poinsettias big and full...we know they don't have to be squeezed in a sleeve and shipped in a truck across the land and stuffed on a shelf. We offer a wonderful assortment of colors, from Classic Red to Cortez Burgandy! Hey, if you're a little daring we also have painted Poinsettias in Purples and Blues and more! Be sure to stop in during our Poinsettia Festival weekend and you can see the wonderful crop...we'll even have demonstrations on painting them and accessorizing them for your home and gift giving! (see front page for coupon)

History and Legend of the Poinsettia

Poinsettias were first introduced to the United States in 1825 by Joel Robert Poinsett, amateur botanist and first ambassador to Mexico. He introduced the plant to the United States when he brought some cuttings to his plantation in Greenwood, South Carolina.

December 12 is National Poinsettia Day, an official day set aside to enjoy this symbol of holiday cheer. It was established upon the death of Mr. Poinsett to honor him and the plant he made famous. He died in 1851.

Poinsettias are native to Mexico, where they grow wild. The enchanting legend of the poinsettia dates back several centuries, to a Christmas Eve in Mexico when a little girl named Pepita had no gift to present to the Christ child. Her cousin Pedro urged her to give a humble gift. So, on her way to church she gathered some weeds she found along the road. As she approached the altar, a miracle happened: The weeds blossomed into brilliant flowers. Then they were called Flores de Noche Buena - Flowers of the Holy Night. Now they are called poinsettias.

Christmas Trees *Made in America!*

If you have not tried one yet...make this year's tree a Fraser Fir. Our Fraser Fir trees are grown in the Blue Ridge Mountains and cut fresh just in time for the season. Fraser Firs are renowned for their ability to stay fresh in the home for a long time. You can set up a Fraser Fir in Early December and it will last perfectly (providing you give a drink when it needs it). Come on down for our Tree lighting weekend on December 3rd and 4th and take advantage of our specials...of course if you want the "perfect" tree come in earlier!

Fresh Balsam Wreaths *Bring Christmas Alive!*

Our Christmas wreaths are handmade of fresh balsam fir tips. We make sure to spray these wreaths with wiltpruf to insure a long lasting wreath. This beautiful wreath provides our talented design team with the perfect canvas to create works of art...from traditional to trendy we have wreaths for every taste. So this year- make your wreath a piece of art for all to see.

Roping, Garlands & Sprays *The Finishing Touches!*

From extra heavy white pine roping to fragrant cedar garland we have an extensive menu of fresh greens to compliment every décor. Sprays of magnolia, eucalyptus and much more provide the unique and tasteful accents that add up to a special holiday season.

Grave Sprays *a lasting tribute*

We have been crafting natural grave sprays and blankets for over 50 years. Our designs are true expressions of love and remembrance and blend in perfectly with the natural surrounding. Working with your request we tailor make each grave spray to have special meaning.
