Holiday 2017

Celebrating Over 85 Years of Blooming Holiday Joy!

We are excited, not sure why, but we just are...It may be because we feel like we really need a good traditional holiday season to give some sense of comfort and joy. We do recognize how very fortunate we are, we work in our 4th generation family business and every day feel connected and a part of something great. During the holidays especially, we get to spread this feeling to all that stop in or call. We see or hear from people we know who have moved but are visiting. Sometimes the store feels like a pub except we are serving up joy...customers run into customers they know and chat for awhile, or talk to our great staff about holiday decorating or a great movie they just saw...you never know.

So, if you're looking for some comfort and joy this season- we are here, as always, with exciting new ideas and traditional ones too! Our poinsettias are growing and the crop is stunning as well as our fresh designs, decorations and gifts for the holidays. Don't miss signing up for our workshops- you will be amazed at what you can create! They fill up quickly so don't delay.

All the best to you and your family,

**Karl Auwaerter and Christine Saroka
And the Entire Staff of Bayport Flower Houses**

WONDERS
of WATER

March 3-11

Pennsylvania Convention Center • #FlowerShow

The 2018 PHS Philadelphia Flower Show, "Wonders of Water," will celebrate the beauty and life-sustaining interplay of horticulture and water.

America's leading floral and garden designer will create tropical jungles, temperate forests, native woodlands and arid landscapes, showcasing the astounding plants that thrive in each environment, from exquisite orchids and flowering vines to luminescent desert blooms.

Greens for the HOLIDAY

Beautiful bunches of fragrant cedars to grace your indoor decor. Or elegant boughs of Magnolia to bring the Southern Charm to your Holidays. We're proud to offer an extensive collection of greens including cedar branches, fir, juniper and balsam in bunches. Fresh cut greens are also available pre-made as garlands, wreaths, grave sprays, kissing balls and outdoor hanging baskets.

Lush and beautiful, fresh holiday greens bring a lovely fragrance to your home. It's important to keep all fresh cut greens away from direct heat, just as you would a fresh cut Christmas tree.

Whether your decorating greens are outside or inside, the dryness of winter weather is its greatest enemy. So keep it moist. When we custom make our wreaths, we are sure to treat them with Wilt Stop first, ensuring the longevity of your holiday decor. This natural, non-toxic product, derived from the resin of pine trees, has the unique ability to form a soft, clear flexible film on treated plants. This film protects plants from drying out, drought, wind burn, sunscald, winter kill, transplant shock and salt damage. WILT STOP™ also extends life of Christmas trees. We're also please to offer Wilt Stop for sale, for those of you designing your own garlands, wreaths at home.

POINSETTIAS For the Holidays

Growing poinsettias is a long held tradition at Bayport Flower Houses. The journey begins each summer, just as Long Islanders are flocking to our beautiful beaches. Arriving as miniature cuttings, our Greenhouse Team meticulously plants each poinsettia, caring for them as they would any other young creature - good food, plenty of water and carefully moderated sunshine. Over the next few months, the poinsettias are tended to in our greenhouses. As the seasons change, light becomes an important factor. The colors of a poinsettia are created through a process called, "photoperiodism" which means that the plants require darkness with no artificial light, only natural daylight.

After that they need constant bright light as they make their way to the Holiday Season.

In Mexico, Poinsettias are considered perennial shrubs (akin to our Hydrangeas), some growing as tall as 15 feet! However, here on Long Island, poinsettias are not frost tolerant so they grace our homes inside. Proper care of your home-grown poinsettia will bring you months of enjoyment. This includes bright, indirect light, watering only when soil is dry to the touch (and drained), placement away from drafts (both cold & hot) and a moderate temperature as too high temps will shorten the life of the colorful bracts.

Our talented Growers at Bayport Flower Houses take great pride in our home-grown poinsettia crop. New colors for this year include Princetia Dark Pink, Matinee Bright Red, and Luv U Pink Splash. And to get you in the decorating spirit, don't miss our POINSETTIA WEEKEND, November 25 & 26 and our coupon for 20% Off All Poinsettias!
